

Who we are.

Encompass Pharmaceutical Services

is a privately owned company with headquarters in Atlanta, Georgia. Our business was formed by a small group of highly experienced individuals with a focus on chemistry, quality and validation. We provide analytical outsourcing and consulting services to many of the leading pharmaceutical, biotech and life science companies in North America.

Our Strengths:

- More than 200 years of combined, deep industry experience to help you bring products to market faster, with better results.
- 90 percent of our staff has a chemistry or quality background. When you talk with our project leaders, we “speak the same language.”
- DEA and FDA certified single-site facility.
- Our project leaders are the company owners and have a vested interest in making sure that your expectations are exceeded.
- Convenient Technology Park location, easily accessible to Atlanta Hartsfield airport.
